Tasking results to a resident must be done prior to verifying the results.

1. Providers log in to the application.
2. Click on Worklist
3. Change view to Results Verification.
4. All Verify result items will display
5. Select a patient
6. Review the results
1. Select the **New Task** button on the **Clinical Desktop**.

OR

Right click on the results and choose Task.

2. The **Task Detail** page displays.
3. Verify that the “Concerning patient” radio button is selected.
4. Select the appropriate User radio button in the Assign To area.
5. Select the desired User name from the Assign To drop-down menu or click the All button and search for the appropriate recipient.
6. From the Task drop-down field, select “Go To Result”.
7. Select the desired priority for this task in the Priority field.
8. Enter the desired instruction to the person receiving this task to read in the Comments field.
9. Click OK to activate the new task.
10. Provider will then return to the Worklist and verify the results.
