21ST ANNUAL WINTER MEETING:

Midwest Society of Colon and Rectal Surgeons

March 7–9, 2012

The Resort at Squaw Creek
Olympic Valley, California

To ensure your lodging accommodations, make your reservations by February 7, 2012

DESIGNED FOR:
Colon and Rectal Surgeons

JOINTLY SPONSORED BY:
Creighton University
Health Sciences Continuing Education
and
Midwest Society of Colon and Rectal Surgeons
### PURPOSE AND OBJECTIVES

**PURPOSE:** This course is designed to provide the practicing colon and rectal surgeon with updates on important aspects of caring for patients with colon and rectal diseases. Emphasis is placed on a broad range of topics to address the needs of a diversified group of attendees.

**OBJECTIVES:** At the end of this program, the participant should be able to:
- Discuss special issues related to colonoscopy on patients who are on antithrombotic agents
- Review the surgical management of Collagenous Colitis with the surgery of ileal pouch anal anastomosis
- Discuss multi-modal analgesic techniques resulting in improved pain control for post-operative patients
- Discuss new methods of treatment for fecal incontinence
- Discuss avoiding pitfalls and complications in cytoreductive surgery
- Describe the surgical management of radiation induced fistula between rectum, urinary bladder and prostatic urethra
- Review the long-term results of restorative proctocolectomy
- Discuss the impact of an organized and standard pathway for patient outcomes
- Explain techniques in abdominalpelvic re-operative surgery
- Assess pelvic floor reconstructive surgery for treatment of pelvic floor disorders
- Review a case of perineal leiomyoma and survey the literature
- Describe the various treatment modalities of hepatic metastases by interventional radiologist
