Creighton University is seeking volunteers for a new research study looking at e-cigarette use. Volunteers must be:

1. 19 years of age or older
2. Current cigarette smokers
3. A new e-cigarette user (within the past 7 days)
4. Intending to use the e-cigarette regularly

Enrolled volunteers will receive:

- A stipend for time and travel
- Lung function tests
- Carbon monoxide and nicotine level tests
- Blood pressure and heart rate measurements

New to the e-cigarette world? Interested in helping with e-cigarette research?

For more information call 402.280.5287 or email tobacco@creighton.edu
ADDITIONAL STUDY DETAILS

Visit Schedule:

Visit #1 occurs within 7 days after your e-cigarette purchase
Visit #2 occurs approximately 1 month after your e-cigarette purchase
Visit #3 occurs approximately 3 months after your e-cigarette purchase
Visit #4 occurs approximately 6 months after your e-cigarette purchase

Requirements Between Visits:

We will give you a diary to track your cigarette and e-cigarette use at various times during the study. We ask that you use the smoking/nicotine diary to keep track of the cigarettes you smoke and your use of the e-cigarette.

How to Enroll:

1. Meet with a study investigator on-site at Plumes after you have made your e-cigarette purchase.
2. Complete and submit an on-line study inquiry form, and a study team member will contact you.
3. Call 402.280.5287 or email tobacco@creighton.edu to speak with a study investigator.
