Graduate Committee Advisement Form

Graduate students of the Creighton University Pharmacology Department are required to meet with their thesis or dissertation committees at a minimum of once a year. The purpose of these meetings is to determine if the graduate student is successfully making progress toward their degree objective. It is important for the graduate committee to be actively involved in the mentoring of graduate students.

The Department of Pharmacology requires that the following form be returned to the graduate director following each of these annual meetings and that the each of the committee members answer the following questions:

Student Name: ___________________________________

1. Is this student progressing at a satisfactory rate toward the completion of their degree objective?
   - Student does not appear to be progressing   __________
   - Student is progressing but at a rate below my expectations __________
   - Student is meeting my expectations   __________
   - Student is exceeding my expectations   __________

2. Can you provide a tentative date for this student to graduate?

   NO   YES

   Anticipated Graduation Date ___________________________

3. Student’s next committee meeting should be in: 3, 6, 9 months, or 1 year (circle choice)

   __________________________________________

Signature of Committee Member ___________________________ Date ____________
