TEACHING AND LEARNING UPDATE – September 2008

Upcoming Programs and Events:

The faculty development series presented by the International Association of Medical Science Educators (IAMSE) resumes in October. The theme for the fall series is “Innovative Models for Student Assessment and Course Evaluation.” Although IAMSE presents the sessions live at 11 a.m., the slides from these sessions, and sometimes the audio recordings, will be available later at the IAMSE web site so you can review them when your schedule permits.

Wednesday, Oct. 1
11 a.m. Room 455 Criss III – Lunch will be served.
Longitudinal Evaluation of Student Progress: McMaster University Model

Wednesday, Oct. 8
11 a.m. Room 455 Criss III – Lunch will be served.
Assessments That Matter: Beyond Knowledge and Recall of Factual Information

Wednesday, Oct. 15
11 a.m. Room 455 Criss III – Lunch will be served.
Principles That Drive Innovation in Assessment and Evaluation

Wednesday, Oct. 22
11 a.m. Room 455 Criss III – Lunch will be served.
Evaluating Learning in the Classroom

Wednesday, Nov. 12
11 a.m. Room 455 Criss III – Lunch will be served.
Applying Principles of Continuous Quality Improvement in the Course Evaluation Process

Wednesday, Nov. 19
11 a.m. Room TBA – Lunch will be served.
Students' Perspective of Assessment

Did You Know?

The Health Sciences Library/Learning Resource Center has an online listing (with photos) of their extensive collection of anatomical models and simulators. Faculty may use the models and simulators for teaching or refer students to the collection for individual or group study. And don’t forget to contact the Office of Medical Education for ideas on how to incorporate simulation in teaching or best practices for teaching procedural skills.
